Möte 12

Date: 5/5

Facilitator: Andreas

Participants: Johan Gerdin, Andreas Wahlström, Linnea Andersson, Erik Arnebäck

1. Objectives:

Now that we have to refactor everything there are alot of problems needing to be solved. Mostly those deciding where objects should be saved and in wich classes

2. Reports:

All done.

3. Discussion items:

Fire support from model to view to manage movement.
Because body is saved in view.

All timer will be moved to controller.

4. Outcomes and assignments:

Linnea, Johan: EntityViews

Erik: Controller

Andreas: Physics

5. Wrap up:

Next meeting: Wednesdsy 8/5
